VIRTUAL OFFICE

The virtual office concept implies organizing a business without owning your own office, thus reducing your operating costs for the amount you would pay for the office, the costs of bills and the administrative staff costs.

NEW BUSINESS

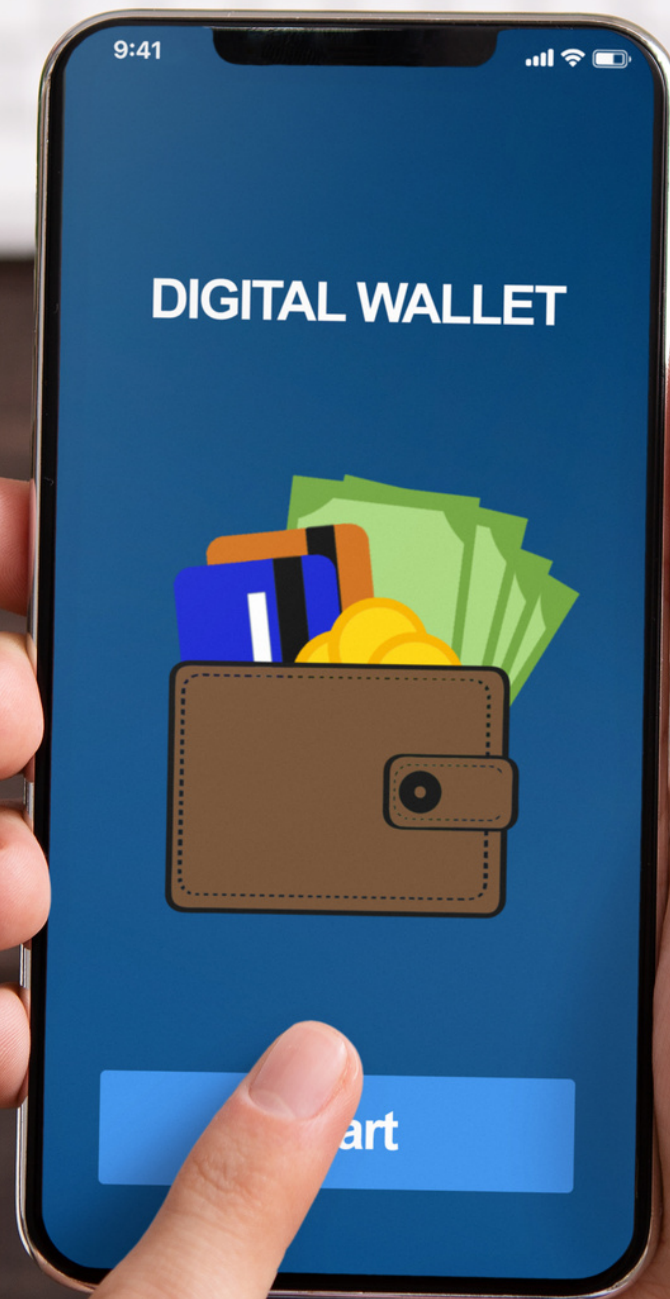

COMPANY ESTABLISHMENT

Our consulting department offers a company establishment service in Montenegro. Montenegro has one of the lowest profit tax rates in Europe, only 9%. The minimum initial capital for opening a limited liability Montenegro company is only 1€ (Euro), and for a joint-stock company, 25.000€ (Euros).

OPEN A SWISS BANK ACCOUNT

Secure your assets at the most effective way. Open a Swiss bank account, get a Swiss credit card and manage your account from any place in the world.

OPEN A DIGITAL WALLET

Create a digital wallet and get the best possible blockchain consulting in Montenegro. Once the wallet is created, you will be given a cryptocurrency worth 50,00€, selected by our expert.

EDUCATION ADVISORY

You are about to graduate from a high school and still not sure what is the right path for you? Don't worry, as our experts match students to appropriate learning programs, and guide college selection and application. We also help you to get the best possible scholarship.
